

Study on the characterization of grouper (<i>Epinephelus coioides</i>) immunoglobulin T and its positive cells	2021.09	Fish and Shellfish Immunology	A
Mucosal immunoglobulin response in <i>Epinephelus coioides</i> after <i>Cryptocaryon irritans</i> infection	2022.09	Fish and Shellfish Immunology	A
Sequence characteristics and expression profiles of Pax-5 and Blimp-1 in <i>Epinephelus coioides</i> following parasite infection and bacterial vaccination	2021.05	Aquaculture Reports	A
Th cell transcription factors: Sequence characteristics and expression profiles in <i>Epinephelus coioides</i> after <i>Cryptocaryon irritans</i> infection	2021.08	Aquaculture	T2
Grouper TRAF5 exerts negative regulation on antiviral immune response against iridovirus	2021.05	Fish & Shellfish Immunology	A-2
Grouper TIA-1 functions as a crucial antiviral molecule
